Ex Parte Quayle

1. This application is in condition for allowance except for the following formal matters:

Claims 7-12 need to be canceled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Status of Withdrawn Claim(s)

2. Claims 13-15 were previously withdrawn. They have now been rejoined with the elected claims because the elected product claims are now found allowable.

Response to Declaration under 1.132

3. The declaration under 1.132 filed on 01/11/08 has been reviewed and considered. The declaration appears to overcome the art rejection made under a 102(c) over US Patent 7,005,405. Thus, that rejection has been withdrawn.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

As concern with claims 1-6, the prior art does not disclose or fairly suggest a metal particle-dispersed composite oxide having the claimed catalytic structure.

As concern with claims 13-15, the prior art does not disclose or fairly suggest a hydrocarbon fuel reformer containing a reforming catalyst formed of metal particles-dispersed composite oxide having the catalytic structure as recited in claim 1.

There is no motivation to combine the teachings of the references together.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Claims 1-15 were originally pending. Claims 1-6 & 13-15 are allowed. Claims 7-12 remain withdrawn due to nonelected (distinct) invention(s).
